*"Remember the worth of souls is great
in the sight of God"*

Doctrine & Covenants 18:10

In 1991 address to the school, President Howard W Hunter noted:

"Here we have a school that centres on teaching students that they are divine children of a Heavenly Father, with His attributes, and as they live worthily and overcome the influences of the world, they can be inspired and have power beyond their - power to do, power to serve, power to give."

When President Hunter made the comment he did so as the President of the Quorum of the Twelve. The statement is no less significant now that President Hunter serves as Prophet of the Church.

It is our blessing and our responsibility to live worthy so that we can be inspired and have the power that President Hunter speaks of.

PRESIDENT HOWARD W. HUNTER

By the time you receive this yearbook you will have completed the 1994 year at The Church College of New Zealand. You have been one of a very small number of students who has had the opportunity to attend a school which has been dedicated by a Prophet of God. I encourage you to take the opportunity to thank your family for the blessing that has been yours. I am sure that the Lord would also appreciate your expression of gratitude.

In the 190 days of school this year we have tried to do much. With the help of parents and priesthood leaders, staff and teachers have been constant reminders that gaining and strengthening a testimony of Jesus Christ is of paramount importance. We have emphasised that every worthy young man should serve an honourable mission and that young women can also avail themselves of the same opportunity. Please do not forget our constant reminders of the importance of Temple Marriage.

Education is lifelong. To become well educated you must not be afraid of work. Education is simply hard work. I am convinced that a real effort on your part will bring the success that you will need to successfully participate in the workforce and continuing education.

We are pleased that you have attended The Church College of New Zealand during 1994. The experiences you have had will be life-long memories. We have appreciated your participation in our classrooms, sporting activities, and cultural events. The friendships you have made can be life-long.

I wish you the very best for your future. Thank you for the memories you have created for me.

God bless you.

C.C.N.Z. ADMINISTRATION

It is our task to assist our Principal, Brother Ardern, in ensuring that all our students have a positive experience whilst in the pursuit of education.

We have found that students, even within one class, are at different levels of competency and the speed at which they learn varies. It is our wish that regardless of where they are on the learning spectrum that a student at The Church College can individually feel they are moving forward, becoming more competent, more confident and more self assured.

Learning is a life long venture and we hope that a student's experience at The Church College can be a catalyst to help in whatever endeavour that they may choose.

THE FACULTY

PAKATOA EXPERIENCE

While students were preparing to come to The Church College of New Zealand, teachers and some staff were being inserviced by our Area Director and Zone Administrator's team.

The Pakatoa Island Inservice was simply a delight. Three days of teachers and some staff getting to know each other

a little better and drawing even closer to what God expects of us was a pleasure for all.

The investment of time and money was intended to be of benefit to the individual, the family and the students. The Pakatoa experience was certainly of worth.

CCNZ Faculty get a short break from seminar meetings and wander aimlessly about on Pakatoa Island. The homesick crowd the docks.

"Another strike coming up."

A quick break between peppy meetings.

As the ladies sing and dance merrily, Jock heads for the beach.

"Remember, Pakatoa!"

The retreat consisted mostly of motivational meetings.....

Fine entertainment.

And great breakfast company.

"And did you sleep well, Mr President?"

SISTER HAKARAIA

After many years of service at The Church College of New Zealand, Sister Hakaraia retires at the end of this year.

Her huge smile, her bubbling personality and her early morning walks to her classroom will be missed by all.

Thanks Sister Hakaraia, thank-you from generations of students. We are better people because of you.

MISSIONARY TRAINING CENTRE

PRESIDENT GILBERT'S MESSAGE

The Pacific Area M.T.C located at Temple View has been part of the CCNZ since November 1977. Since it's early beginnings, the MTC has enjoyed a close partnership with the College. Not only is the MTC facility located on the campus, but the missionaries also dwell in school dormitories, and share the cafeteria with the college students.

During the past several months the institute students have actively participated in the training process of the missionaries themselves. Twice each month several classes

of institute students faithfully go to the MTC and play the role of an investigator, while an anxious missionary attempts to teach the discussions.

The Missionaries attending the MTC have enjoyed their stay on the CCNZ campus. They have always been warmly welcomed by the college administration and their contact with the students is warm and friendly. On behalf of the MTC, our teaching faculty, and missionaries, I express our sincere thanks to the CCNZ for letting us share your facilities and for your wholesome friendship.

Pres. Arnold Gilbert

Below this, the word "PHOENIX" is written in a very large, bold, sans-serif font. Underneath "PHOENIX", the words "HOUSE DANCE" are written in a smaller, bold, sans-serif font. To the left of the word "PHOENIX", there is a drawing of a sun with a face and a bird in flight. To the right of the word "PHOENIX", there is a drawing of a star with a face. Below the word "HOUSE DANCE", there is a drawing of a flower with a face. The entire poster is drawn with thick black lines on a white background.

TERM ONE

The Creation of a year.

Term One

The Initiation.

And on the first day it was Registration .

In the second week the Student Body Presidency was called.
And it came to pass that the multitude of Church College was
Gathered together as a general authority spoke unto us.
St Valentines pressence influenced us on the fourteenth of
February in the hour of lunch in the student centre.

And thus Friday Flicks began.

And we, the students were 'Enchanted Under the Sea.'

The hall of Kai was opened.

Pain was suffered.

Barriers were broken.

Much trial and tribulation was overcome to join the teams of Rugby and Basketball, Netball and Hockey.

A long road was travelled to reach the ice-blocketh destinaton of the Road Race.

When the sun riseth in March, this is the time for
swimming and athletics.

And the young ones dwelt in a tent at Kawhia.

Wiser thrusteth in Sacred Hearts sickle.

And repented to Audrey at breakfast on the day that followed.

The Condors House Dance was danced.

The Stage was Challenged and we are the ones that reigneth.

The fine maidens aerobicsed.

and in the May Holidays we rested.

REGISTRATION DAY

REGISTRATION

The day had come for students to enter through the glass doors of the Administration Building to be officially recognized as 1994 students of The Church College of New Zealand. It was a time to trade the long, sun-bleached dreads for missionary haircuts, shorts and T-shirts for the distinctive Dress Uni, barefoot for school shoes, and surfboards for oversized book bags - to be loaded not with sunscreen and shades, but School Books!

The students had their first taste of the school year, catching up with old friends and teachers, and getting the final 'pep talk' from their parents. Swarms of kids in blue stalked backwards and forwards across the quad, giving their final good-byes to families and friends going home. The campus was alive and jumping again as newcomers to C.C.N.Z. pondered what the new year and school would bring, and older students concentrated on when lunch would be!

Sandra Connolly, Ryan Harris, Naomi Ngakuru, Jonathan Dil, Natasha Ratajczek

The Studentbody Presidency this year has done everything we could to live our personal motto of "Hard Core in 94". We've brought you Lunch-Time Concerts, Lunch-Time Dances, Friday Flicks, Assemblies, Devotionals, service projects, dances, the Ball, and just about anything else we could get our hands into. We have also enjoyed representing the school at Local Functions and supporting the other Presidency's of the School. We just hope you had as much fun as we did.

"There once was a Student Body '94,
Who were pleased in trying to give you more.
No money, no frills,
But they still rept the thrills,
And ended up being known as Hard Core!"

3RD FORM

ADVISORS NOTE

This year there are 85 Third form students at CCNZ. Third Form camp was held in April, we spent a week at Kawhia, where we learned a bit about the early history of the Kawhia area, explored present day Kawhia, looked at the sand dune stabilisation and forestry projects, as well as tramping, abseiling, swimming and canoeing.

The third form is the best place to begin building skills and knowledge for an exciting future. Many students have made a great start to their secondary schooling, with 8 students making the academic honour roll in the second term. At the same time, only 4 third form students achieved conduct honours. Unfortunately there has been a group of students who have felt the main purpose of being at CCNZ is to socialise with one another, which they have done to the detriment of their education.

Study habits and basic knowledge developed now, they do not suddenly appear in the 5th form when external exams begin to happen. Some students are well on the way to success, while others will have to make a determined effort next year to develop themselves.

I would like to wish the third formers the best for the holidays, and the coming 4th form year.

3RD FORM CAMP

Third Form Camp began in a familiar way, as the girls hauled in mountains of suitcases, swearing that they'd bought only the essentials whilst the boys managed to fit their necessities into two plastic bags. Day-Ones activities consisted of a visit to the Otorohanga Kiwi House, and scaled-down Pa site. We then ventured on to the Mangapohue Natural Stone Bridge Corridor and concluded the day with a stop at the beautiful Morokapa Falls. After such a tiring day, the smell of Caf style cooking (at the Marae we were staying at) was inviting.

The week away provided many opportunities to engage in outdoor activities such as abseiling, hiking, trips to the beach, a study of the town, canoeing and lots of volleyball, just to name a few.

The week was over before we knew it and on the last night the Student Body Presidency joined us and participated in our Variety Show. Third Form Camp was a week of fun, memories were created and new friends were made.

FOURTH FORM REPORT

With the beginning of a new year, the third formers of yesterday lined up to experience their second year at school. It would be a year of new opportunities, obstacles, and responsibilities, for the future seniors of Church College.

Throughout this year the forth formers have developed, slowly to prepare themselves for the challenge

of School Certificate. It is the hope of all, that their years as the juniors of the school have given them the edge they need, for next year.

As a final note, remember that the Lord is by your side always, and when the future year approaches you, may you look forward to it with eager hearts and an opportunity to progress towards your goals.

5TH FORM

ADVISORS NOTE

Thanks for a pleasant year students-it has been so good to see your progress from the first onwards. Thanks for popping into room 41 with your many and voiced questions-its been good to get to know you better. One area that concerns me though is the things you say about yourself, by the way you wear your uniforms. This has been particularly noticeable and says alot about your feelings, about yourself and the school. I wish you well in School Certificate your hard work will pay off. If you put the required attention and work in, you will also reap the rewards. Have a productive holiday and come back to a good year in 1995.

Sister Howard

The year started well but with a some of students having hopes of taking a number of School Certificate subjects beyond their capability, according to their fourth form report. After a realistic programme was arranged, most of these students settled into a rewarding year. Students have worked well under the new "Under Effort" list during the later half of the second term and on the beginning of the third term.

The highlight of the year was the form activity at the Waingaro Hot Springs where many got thoroughly wet along with a few spectators. Many are now looking forward to doing well in the School Certificate Exam continuing on into Sixth Form Certificate next year, with a desire to take advantage of the educational opportunities that Church College can offer them.

6TH FORM

ADVISORS NOTE

FORM 6 DEANS' NOTEBOOK

Our Sixth Form Presidency of Liz Rota, Mason Le Pou, Caroline Perry and Kalem Nordstrom together with their active helpers have organized and run some very successful activities this year. The presidencies objective was to support students spiritually, academically and socially.

The first lunchtime "Helpful Hints Seminar" for staff and students presented by Brother Ewen MacDonald was helpful and inspiring, as was the second seminar on "Priorities and Time Management" by Dr. Verl Anderson visiting from The United States.

Our annual Form Six Activity in September was a blast. The morning "Save The Children Fund Collection" got us off to a good start followed by a letting-off-of-much-steam Top Town on the rugby field. There were team games of water slide, earth ball, gladiator challenge, long ball and a sickening, frustrating, rotating see-saw championed by Ana Finau. The earth ball valiantly survived the finale` soccer game.

The "Groovy 60's" dance with DJ Peter McKenzie topped off a great social activity for the year.

Deans Doody and Shortt-Smith.

FRIDAY FLICKS

" Hey bro, haven't you got us a feed yet? "

" Nah, I'm going up to the Auditorium. "

" Eh, whats up there? "

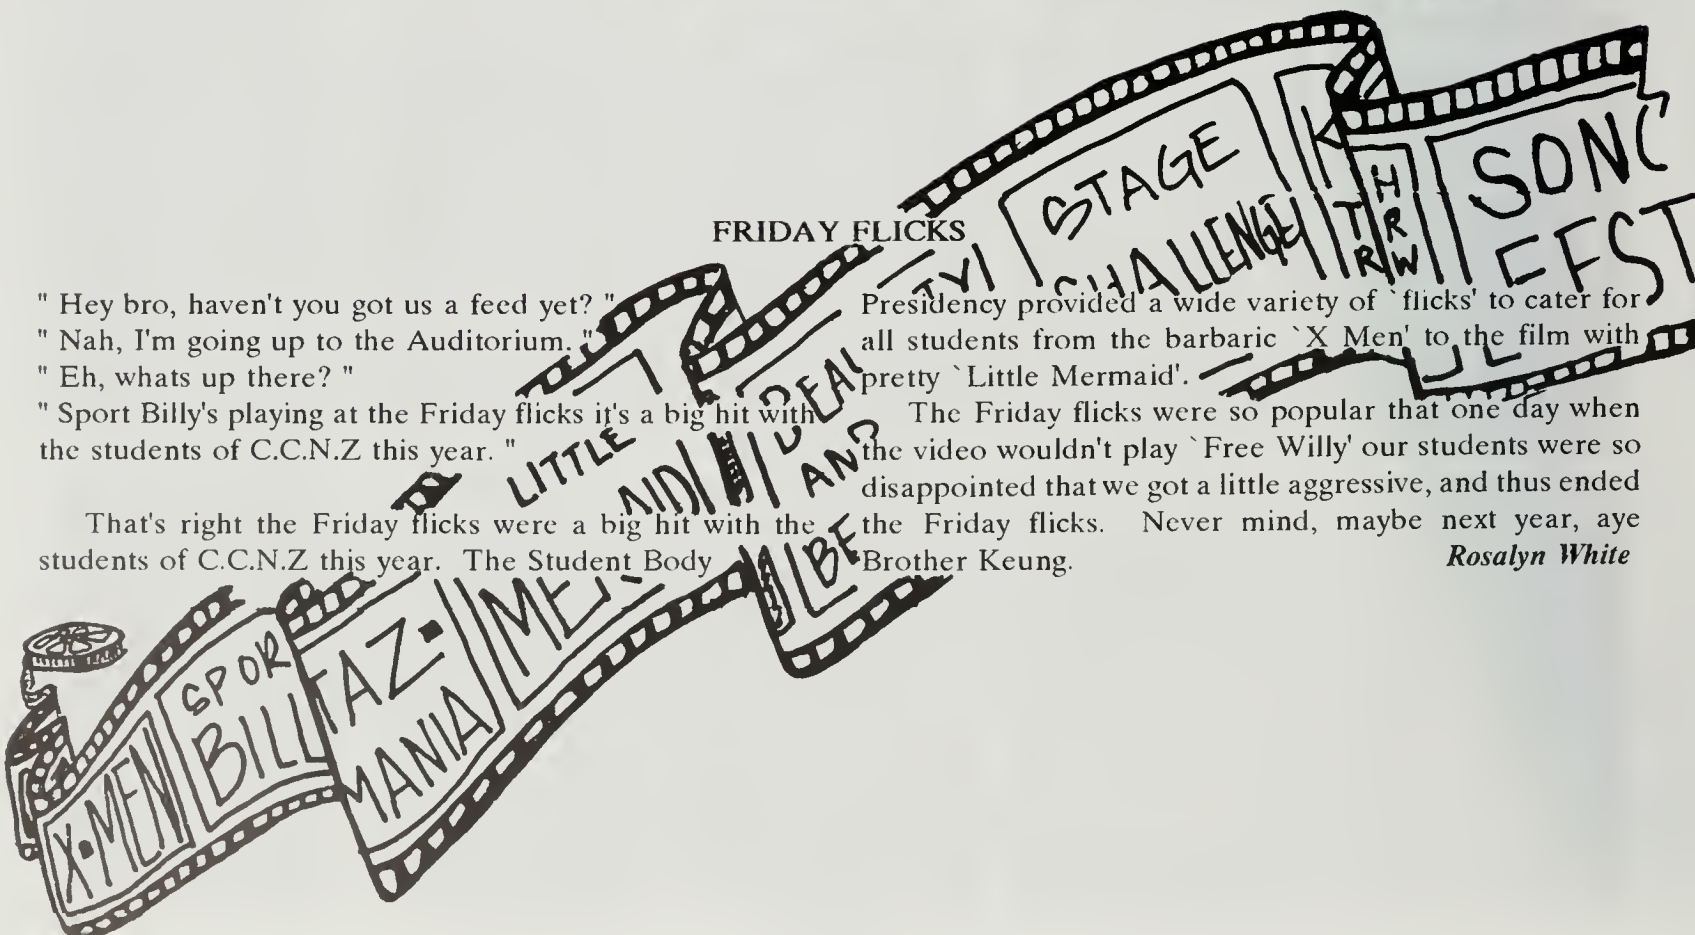

" Sport Billy's playing at the Friday flicks it's a big hit with the students of C.C.N.Z this year. "

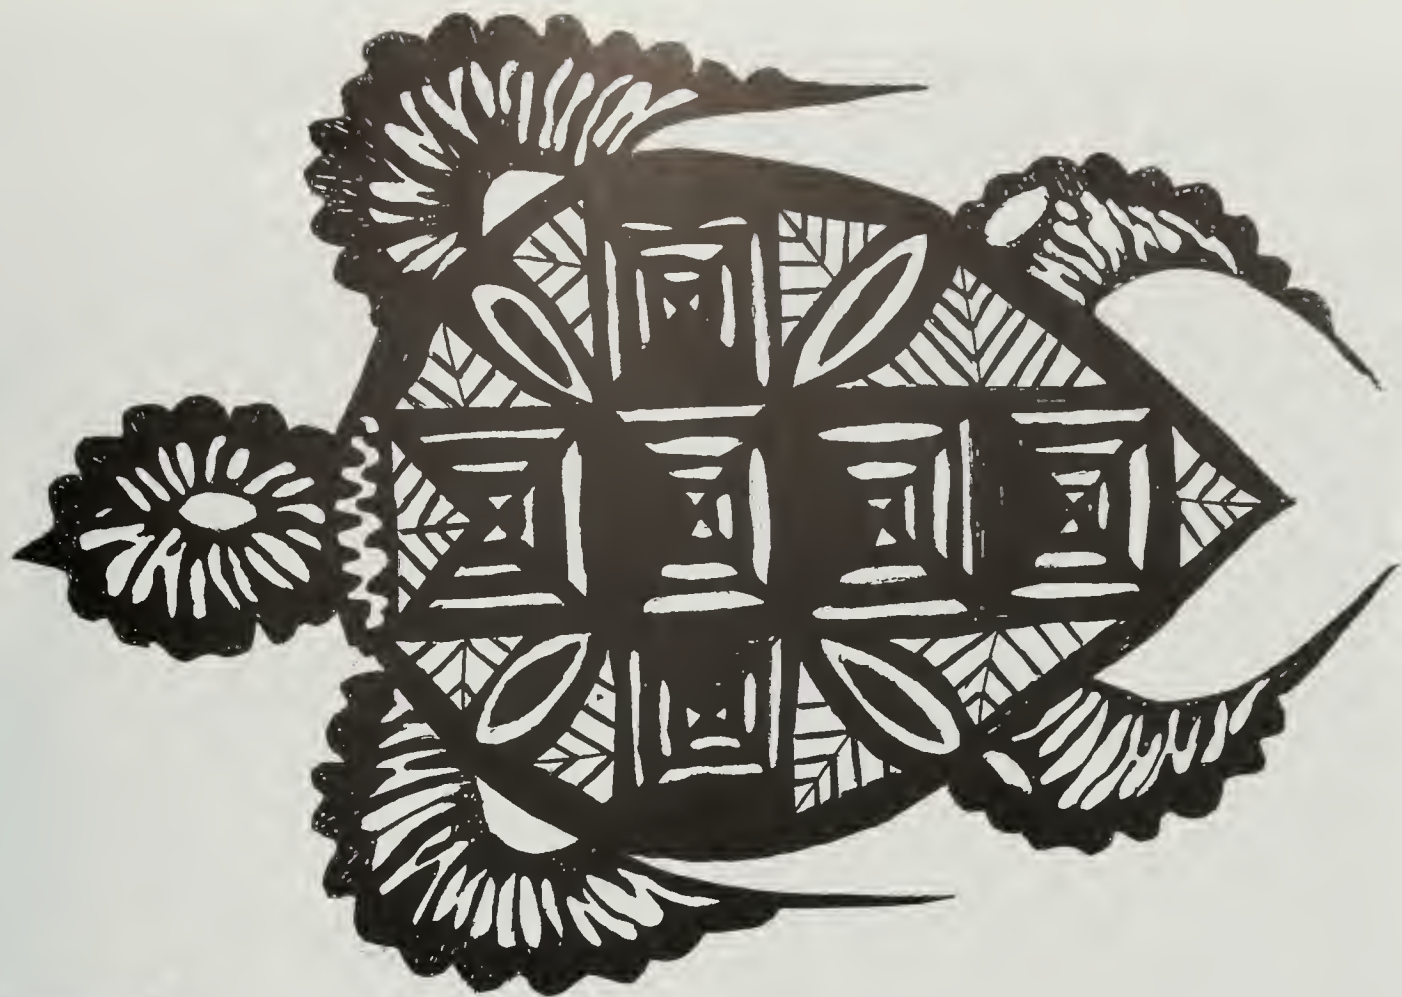

That's right the Friday flicks were a big hit with the students of C.C.N.Z this year. The Student Body

Presidency provided a wide variety of ' flicks' to cater for all students from the barbaric ' X Men' to the film with pretty ' Little Mermaid'.

The Friday flicks were so popular that one day when the video wouldn't play ' Free Willy' our students were so disappointed that we got a little aggressive, and thus ended the Friday flicks. Never mind, maybe next year, aye Brother Keung.

SENIORS

ADVISORS NOTE

Dear Senior Class of 94',

This has been an exciting year. It has been a pleasure to see you grow and develop to progress into young adults. As you continue to progress in your pursuit of excellence, remember to always put the Lord and his gospel first in your life. The scriptures remind us to seek first the kingdom of God and then all things we desire in righteousness will be given to us. Remember with a smile your years at College and go on to make many many many more happy memories in life.

Bro Auld

SENIOR ACTIVITY

SENIOR ACTIVITY.

Everyone gradually dribbled into the auditorium one hot sunny Saturday after weeks of continuous rain for our end of year Senior activity. We watched 'Cool Runnings' and 'The Last of the Mohicans.' Differences became apparent during that movie, as the girls cheered on the absolutely gorgeous hero and the boys left in disgust after the baddie died.

All the seniors came with memorabilia to put in the time capsule, which will stay sealed for 20 years. Signed clothes, photographs, and personal letters to future eternal companions and kids, were just a few of the items buried. As the time capsule was buried, everyone got in a sentimental state, thinking of the time spent here at College. 'Where will I be in 20 years time?', 'Will I still be alive?', 'Who will I be with?' 'I wonder if I will have furs like Bro. Auld, Wonder what's for dinner?'

Karaoke followed a mighty fine meal. Although slow to begin with entertainment mounted to a peak as awards were presented by our own cheesy host Rosalyn White - famous for her GOODMORNING CHURCH COLLEGE line. Students disappeared from the stud centre and reappeared in the gym topping off the evening with the grooving Loins House Dance.

Goodbye to the seniors...till 2014.

Whare Kai Opening

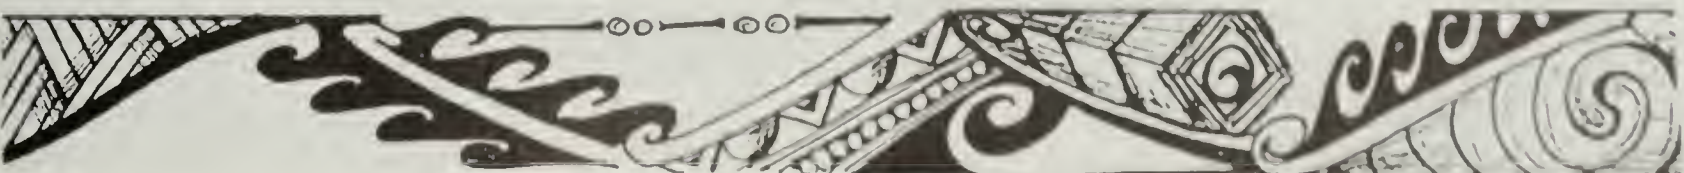

The renown Kai Hall, heralding from the days of Labour Missionaries who assisted in the construction of the school and Temple, received the centre of attention on Friday 4 March, 1994.

After extensive remodelling the building was opened by President Craven, the Pacific Area President and was given the special name of "Te Rau Aroha", The Gift of Love.

Since its opening the building has been a blessing to students, the Church and community.

DAY STUDS!

(Life & Luxury)

DAY STUDS

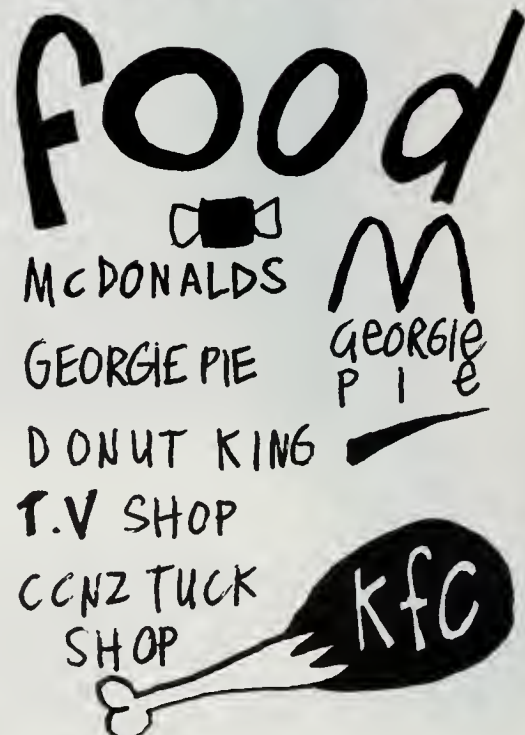

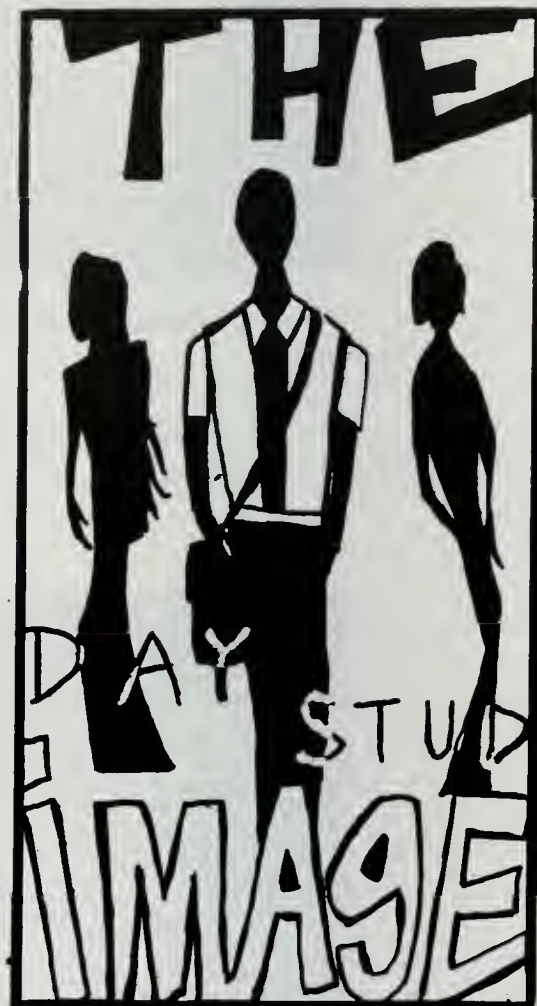

What manner of creature are they?

8:30am-all is still in the great playground of life. You scope the scene and all you see is a few lost dormies.

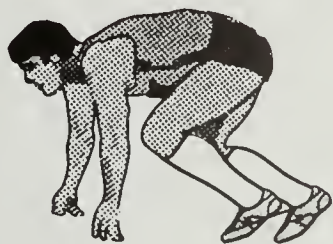

"WHERE ARE ALL THE DAY STUDS?"

1. According to a very reliable source the DAY STUD is rapidly becoming an endangered species.
2. These creatures only venture out in between classes and lunch time, (when food is around).
3. You may think being a DAY STUD is glamorous, But it involves hard work. Unlike our overstaying brothers and sisters, we don't just roll out of bed and come to school, it takes time and effort to create the PERFECT DAY STUD IMAGE!!!
4. You may find these creatures climbing trees or doing the mud slide with their live-in brothers and sisters. Although the DAY STUD has a home to go to they prefer to hang around campus and huddle in the nearest corner. Interaction is seldom seen, But you may catch this rare sight at 12:55, "The Tuckshop".
5. I hear you ask what can you do to help save this creature? Next time you're walking down along that long and windy road, Stretch out your hand and offer them your friendship and. . . MONEY!!!

Athletics Day gave glory to those talented in the areas of throwing sticks, jumping into sand and running fast.

SWIMMING

The sun was shining, the scene was set, this years swimming and athletics had begun.

As the "Macho Men" strutted their stuff around the pool it was evident to all that many long hours had been spent getting rid of that holiday paunch. But as the swimming had begun it was plain to see that those holiday extracts had not diminished their speed. The companion races were also changed from 4 lengths to 2 lengths which made the races faster and more exciting for both the contestants and those cheering them on. The novelty races were the highlighted events where those that didn't have much swimming abilities but wanted to have a good time showed off some of their moves with the tyre races, one- lengths and boogie-board races.

The day ended with the major relay, and everyone had a great time. At the end no-one seemed to mind who won or lost, and that's what really counts. *Beecher Bailey.*

CROSS COUNTRY ROAD RACE

ROAD RACE

Every year without fail there is sunshine on the day of the Road Race, which creates a hot, sweaty, tiring and thirsty annual event.

There are two types of people that participate in the Road Race. Those that are hard-core and take off miles ahead of the rest and those that are hard-core and get left behind. But that's okay because everyone makes it to the finish line - eventually.

There is a third group of people that on the day of the road race develop a sickness, a disease sometimes

referred to as laziness, they find the most creative excuses to get out of an afternoon of physical exercise.

For those on the run, the roads seem endless, the hills steep, the sun unbearably hot. But that's a good excuse for the boys to take off their shirts, girls to roll up their sleeves and show off their bods.

It's worth all the sweat though, just to get an ice-block at the end.

STAGE CHALLENGE

What originally started out as putting your name on a list for 'some dance tuning' which got you a day off school in Auckland, became much much more than that for the participants of Stage Challenge 1994.

"Thank you. You peasants are so respectful."

The truly dedicated gave up lunchtimes, after-school and after-dinner activities (sometimes until 11pm at night) for a month of intense rehearsing, costume-making, backdrop designing, choreography and refining of the most awesome experience that many of whom participated, have ever had. So many people were involved with the creating of CCNZ's set design, costume design and choreographing. All of this however would never amount to the success it was without the dedication and insight of Noema Lawrence, the brains and beauty behind our masterpiece. The show would never have gotten on the bus to Auckland without her, one hundred of us intact with all our gear making up an outstanding performance which earnt us second equal in the Regional Competition, including an award for 'Best New School' and a place recognised as one of the top 1994 Smokefree Stage Challenge Schools.

The theme for our presentation was 'Be One - One Family'. Being the hard-core school we are, not only did we convey our theme 'on stage' but we set an example of unity and togetherness off stage as well. Nerve calming tactics were used before we performed. Back stage like 'one big family' we sung the missionary medley with CCNZ's vigour and spirit which attracted attention, and it wasn't just us that had tears in our eyes.

Everyone felt the thrill of being on stage. Church College had plenty of audience support as usual. Many travelled to Auckland to see us. The crowd went wild and even wilder when our boys did the haka down the aisles when our victory was announced. McDonalds afterwards topped the night off. It is impossible to record all of the feelings and experiences that Stage Challenge created in a few lines.

SALVATION

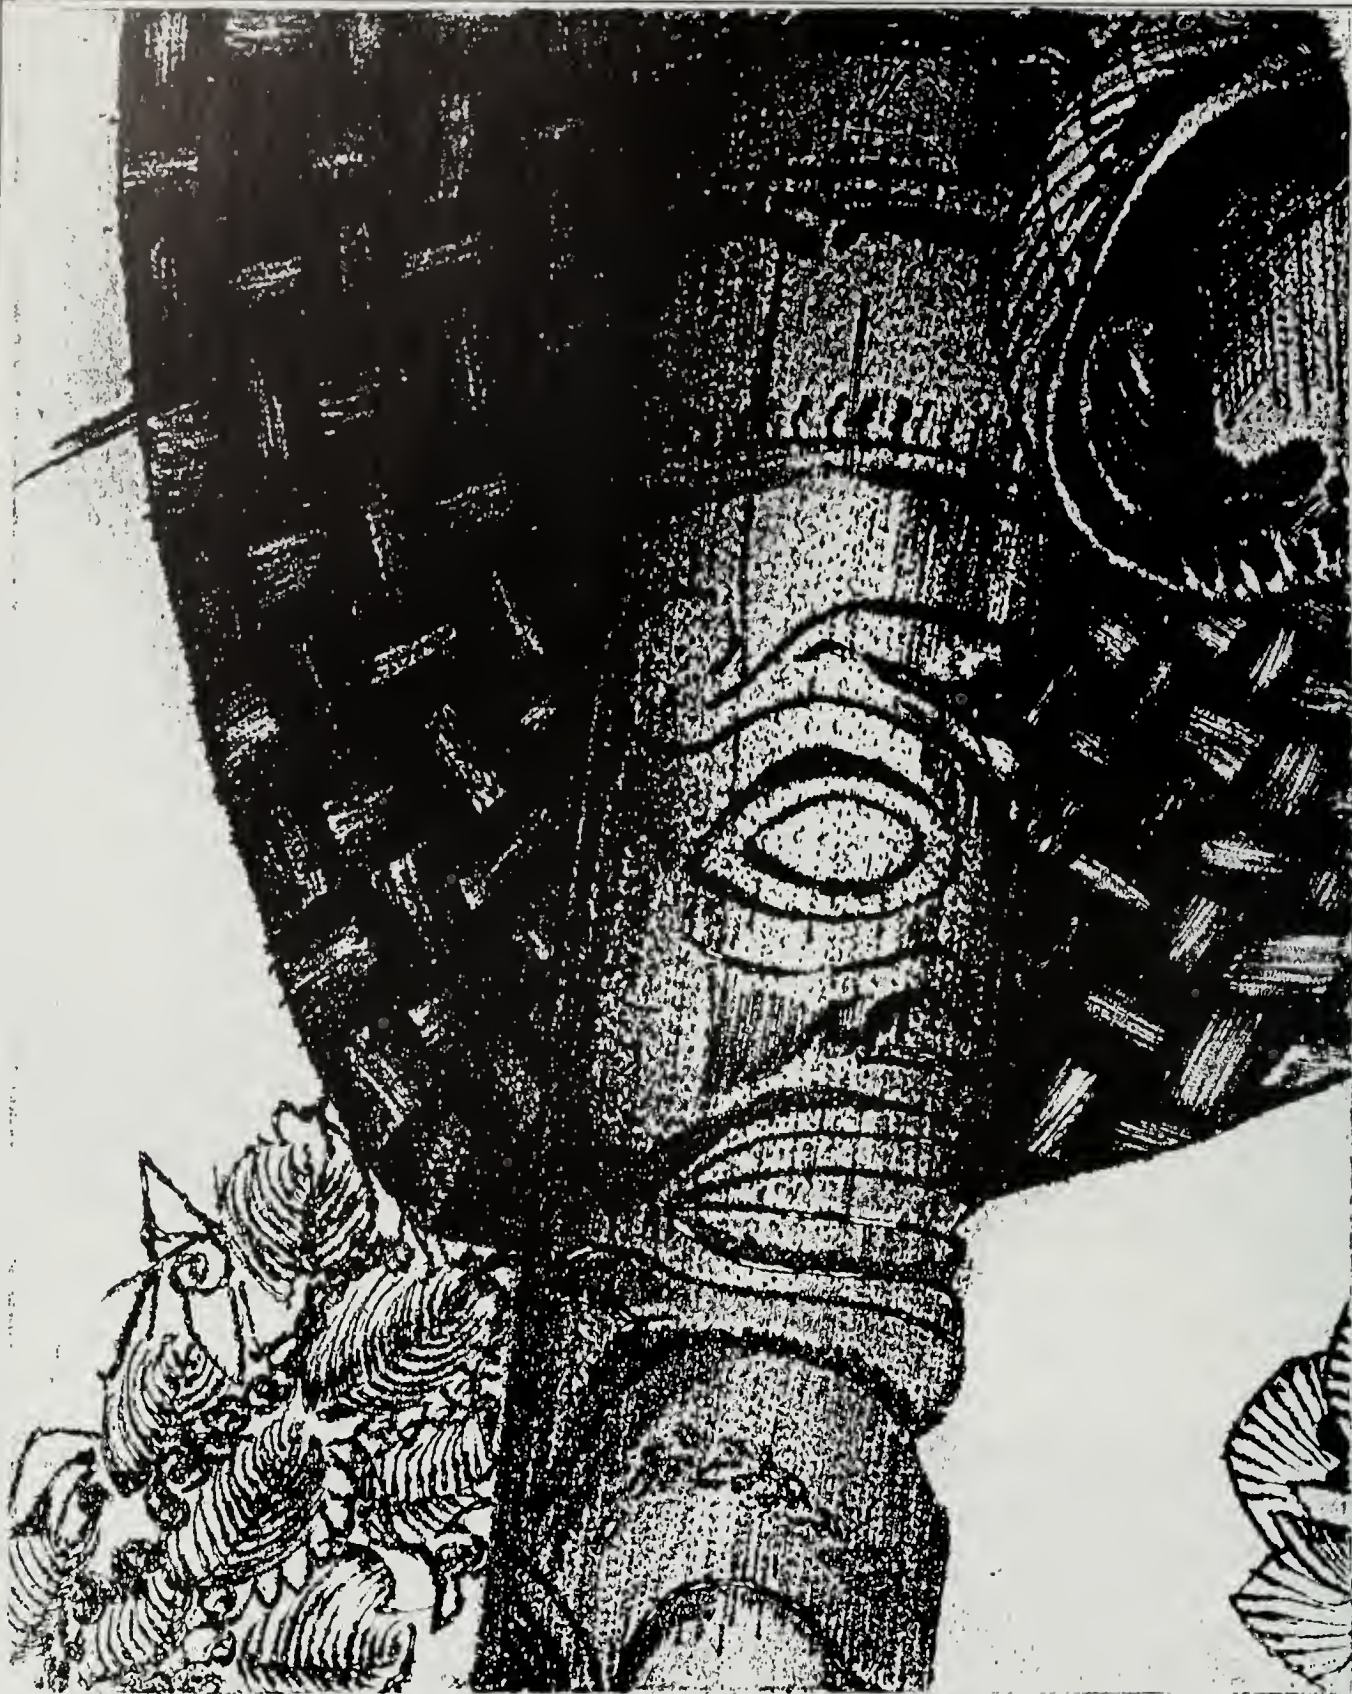

ARMY

MUFTY DAY

The Student Body Presidency issued a challenge earlier this year to students. The Salvation Army Appeal. Food items and donations were collected in exchange for a day in 'Mufty Gears.' More items of food were purchased with the money and given to the Salvation Army on behalf of the students at The Church College of New Zealand. All donations were graciously accepted and greatly appreciated. Once again the students of the Church College came through as they remembered that the "Worth of souls is great in the sight of God."

TERM TWO

BREAKING IN

The students of CCNZ are like Rubber Bands. Fresh out of the packet is how we arrive at the beginning of the year. By term two our self discipline is slightly more stretched. Some of us stretch so far that by the end of term three we have either snapped or been snapped.

Before we reach point-break however, we go through several stages of 'breaking in', which all happens in term two with all the many activities going on and discoveries made. The major events of this term are always without fail, The Ball and Song-Fest.

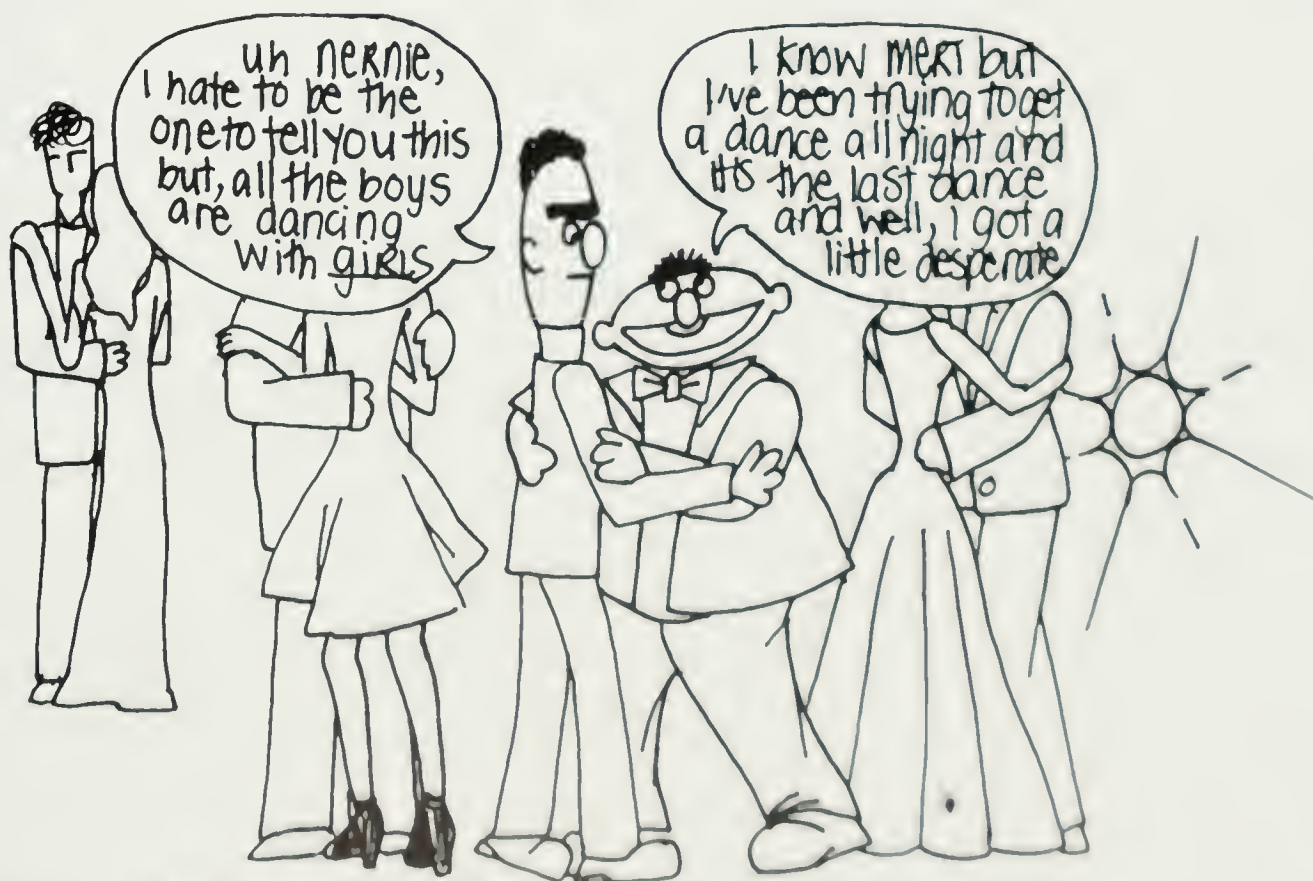

Brother Deschamps left us, and we had the Phoenix

House Dance.

Sports play a major part in the agenda of term two.

St Stephens and Queen Victoria were visited by our top teams. The A1's had their annual tournaments. We were well represented in Rock-quest. We donated generously to Red Nose Day, thanks to Mutti Day. Exams were sat. The Dorms had a variety show and the first Four Dorm Dine n' Dance. There was the unforgettable Fine Arts/Polynesian Culture Maori Culture Performance Tour.

Yes we certainly 'broke-in' Term Two 1994.

Its been dubbed, the highlight of the school year, the ultimate exposure of young talent, and after some shaky auditions and never-ending practices, it arrived, SongFest 94'.

An intense, thrilling atmosphere enveloped Cougar Stadium as families, friends and past students rapidly filled the much sought after seats. The act was electric as houses entered the gym and nervously sat down, preparing to sum up weeks of lengthy practices in a few, powerful minutes with spotlights blinding out view.

The evening commenced with the Sacred Hymn section. Each house contributed a performance that touched the audience with their sincerity. Tigers, with a moving rendition of 'The Light of Christ' achieved a well earned first place.

The Secular section followed. The stands were suddenly flooded with leaping shrieking students as they belted out their fun songs. Battling for 1st place, which rightfully was awarded to Phoenix with 'Personality, Do you love me. and Hoki mai.'

The long and awaited large groups were next. Back stage there was an overflow of nerves, worries, and panics. Nevertheless, once on stage, each gifted performer proved how talented this school really was.

Competition between the large groups was extremely intense, elevating the standard to an exceptional level.

With the competition over students sat back to be entertained by the Ferguson family. The winner was announced

Condors House. As the night drew to an end, a tinge of sadness could be felt as the paramount event of the year was over. All who took part were winners, for each and every one of them contributed to the astounding success of 'SongFest 1994'.

I AM Me

There isn't any other, who is just like me

Who likes what I like

Who can be how I be

Who's been blessed with all the same talents

Who's got the same tastes

Who's got the same spirit and exactly the same face

There isn't any other I would rather be

For they wouldn't be a part

Of my loving family

For they wouldn't have my memories

And they wouldn't have my friends

And they mightn't have my goal

to endure to the end

There is only one, who is just
like me

She is an Individual

She is so very unique

I appreciate her for what she is

I don't compare her to her peers

I just love her and encourage
her

And keep her clear from fear.

- Student Unknown.

THIS YEAR

The beginning of an era and the end of another .
So swiftly time is renounced leaving humanity to cherish the
past and create the future. Memories will never be forlorn or
omitted but reminisced with sincerity in each others hearts.
Daring escapades and spontaneous actions Will be
remembered with a smile. The new year has bought days of
joy and rapture, anguish and turbulence, the renaissance of
friendship and the demise of others. It's purity was laid
before us, it's days untouched waiting for you to determine
what it may show, but only time has told what has become of
it and what has become of us.

DESCHAMPS FAREWELL

In February for 1991, Earl Deschamps, his wife Judy and his son Joseph, arrived in New Zealand from Texas. Brother Deschamps was to serve as our school Principal for the next three years.

His influence was to be extensive both at school and in Seminary and Institute throughout New Zealand.

Brother Deschamps completed his assignment, as Principal at the end of January, 1994. He worked the next five months visiting the islands of the Pacific to assist with

the Seminary and Institute programme.

The school honoured the Deschamps family in June by hosting a farewell for them. Our Principal, Brother Arden, and our Stake President, President Hamon, spoke of the achievements of Brother Deschamps.

The emotional farewell was further enhanced by the performance of our Maori Culture Group. It was appropriate that those he loves so much would, in song and dance, bid him and his family a 'bon voyage'.

Sister Hakaraia presents Brother Deschamps with a plaque commemorating his years at The Church College of New Zealand.

Fine Arts Tour Group give an 'outstanding' farewell performance.

ROCK QUEST 94

Adrenaline was pumping, heat rising and excitement filled the air, both in front and backstage.

Everyone was seated relatively quietly in the seats of Founders Theatre, waiting.... and then the lights went out. Seats were no longer an issue for the audience, as everyone crushed together at the front of the stage, hoping to be able to stage-dive. But no, security guards were cleverly placed to prevent that. The music began and got progressively more intense and powerful as the night wore on. C.C.N.Z. was well represented as the first act of the night was 'Blossom Ritual by Heimata, Warren & Errol. At the finals at Founders Theatre, Sounz of Soul won 'Best Urban Sound', Paris Texas Urban Award, and Juanita James, who was individually recognized as most promising female vocalist. It was another hard-core event; loud, pumping and exciting.

WINTER BALL

"Ribbon in the Sky"

It was July 22nd, 3:30pm, the girls dorms were alive with activity. Beauty can be such a burden, but the girls were busy trying to tone it down so that they could enjoy the night with just one partner. It smells like a chemist but the results are well worth it, as 6:30pm rolls around the transformation is complete.

6:00pm, the boys dorms are quiet, rugby practise has just finished. There are a few guys asleep, one boy is ironing a shirt, "why is he doing that?" the other boys question. Then it clicks the Ball is tonight. 6:30pm and the boys start borrowing some clothes. 6:35pm and they're dressed and ready to pick up their partners. "Now who did I ask again?"

Decorations fill the David O, the band is playing, faces familiar and foreign crowded the Gym. Couples are dancing, singles are staring, and faculty are wondering why everyone looks at them funny when they start waltzing around the floor.

Then the School Band plays. A wide variety of styles are catered for. "I didn't care too much about getting kicked off stage", says Zeb Bacon. "Because I was singing flat and had forgotten the words anyway." You could have fooled me, but it is good to see fellow students up their sharing their talents.

Then it's time for the Ribbon in the Sky Ball to finish and I wonder who is going to sing the theme song. Well, there's a shocker - it's 'Heimana', will miracles cease to stop tonight! Then the nights over and it's time to head straight home and give your partner a big fat handshake.

DORM DANCE

FOUR DORM DINE AND DANCE

1994 was the first year to house a booming FOUR-DORM DINE AND DANCE. It was an awesome evening, with funky threads, cafe food that was actually edible and a whole lot of cheesies.

Partners were cautiously thrown together....but there was a slight problem.....only about 40 single girls remaining... Thank goodness for DAY STUDS!

Previous to the dreaded 7pm, the dorms were in chaos...Clothes thrown everywhere, groans from cold showers, and unanswered questions like; `..what's the food going to be like?' `..will Keanu be there.' `..who's got Ashu.' `..I hope I ain't got a 3rd former..'

Everyone seemed very placid and polite.....at the beginning. The Dine was delicious, and the food wasn't that bad either. Heimana and his singing boyz serenaded the entire cafe with their take-off Colour Me Badd. Day Studs who weren't there...I'm sorry you missed it. I swear they sounded just like the real thing! After the last squabbles over the banana cream pie were had, everyone filed out, some quicker than others, to the gym.

All up it was an awesome **night** of getting to know brothers and sisters, and future eternal friends...even a few eternal COMPANIONS by the looks of things.

A big thanx to all who slogged hard to make the first, but definately NOT last, FOUR-DORM DINE 'N DANCE, a great success.

Islay Donaldson (Reeves)

AUDREY/WISER DINE AND DANCE

"Are the showers hot? Can I borrow your Shirt? Do you have any thing I could wear? Wanna swap partners? I think I'm sick, I need to go to the health centre", were all comments made by the dormies while getting ready for their night with an arranged partner. It all started with the girls having to ask someone to go with them, Then came the half hour wait in the quad until the partners made their appearances. It was a night of getting to know your brother/sister dorm.

Everyone made their way to the cafe and their assigned tables and managed to enjoy themselves and at the same time. Then it was dance time.

The student centre came alive as everyone showed their moves on the dance floor. It was a night to remember. Getting to know your partner, instead of one of you girlz or one of you boyz!

Cheerful smiles, small gifts and plenty of time to get to know each other all enhanced the night of friendship.

Thanks to everyone who made this night possible.

FOUR DORM VARIETY SHOW

FOUR DORM VARIETY SHOW

This is a night never to be forgotten by the boarders of Church College. Lighting the Auditorium with enthusiasm, humour and anxiety, each new act in some way, made the night enjoyable and worthwhile. The privilege of having Rotongahere Primary School perform to the students that night, was indeed the highlight of the whole evening. Not to mention a visit from our very own Jackson Five, Alice the Camel, The Fly Honey's Singing "The Nature of Love," and an exciting Samoan Slap Dance (Bunny Style), by the Brothers in Wisser Dorm, which literally made eyes pop, and tongues hang!

Next to a surprising entrance by the 'Once Were Worriers', who hope to be worriers someday, made the evening a full on activity, with lots to laugh at, and many unknown talents discovered. The Saturday night activity was under the direction of Brother Clark, who from the word go, supported the few that organised the activity, and encouraged the many who made it possible.

Keeping the ball rolling, our own C.C.N.Z. models stalked the catwalk, in the latest gears, to the base pumping sounds of techno.... catching the apple of everybody's eye, causing havoc in the minds of the young and the single!

To the few who supported the Ethiopians, and advertised the starter gumboot.... You all gave acting a new name! Good, funny!

Things we wore.

Mufti Day - Take Two. August 12th 94, was the day elected to not only take a break from the blues and greys and participate in the annual Term II Mufti Day but also the chance to support the National Red Nose Day and raise funds for the S.I.S Foundation.

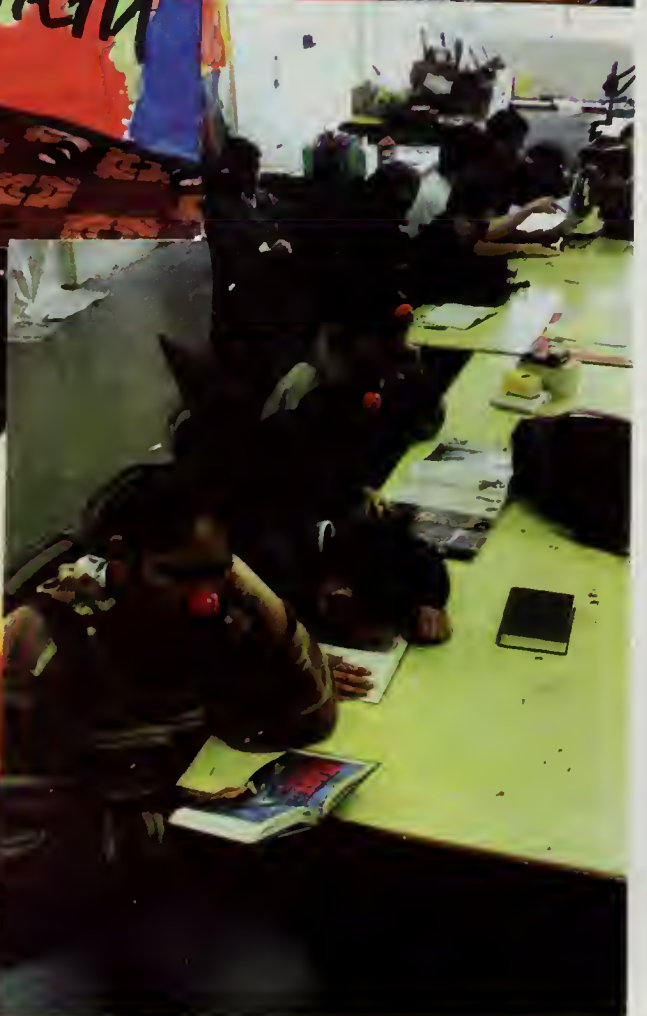

Students parted with their sacred \$2 coins in order to purchase a nose whilst others too 'chicken'to look like rudolph showed their support by wearing a badge. Although some gave more generously than others...Bro. Walmsley even managed to make a donation towards the cause, a total of \$900 was raised. Once again, through the 'Hardcore' efforts and attitudes of CCNZ students, Mufti Day, Term II was a success.

We made the admin. smile with our Mufti Day clothes'
Our donations of pinga's in exchange for our shiny Red

Many dedicated and talented students poured all of their efforts into making the 1994 fine arts tour, a smashing success. first performance... Church College. The performers ran around frantically trying to find pieces of their costumes hyping each other up. The auditorium was filled with proud parents and anxious friends, all waiting to be dazzled by this fine group.

The fine arts group set the mood with their groovy beach party, Rock'n'rollers and two fluffy ducks. The PolyCulture held the audience spell-bound with their enchanting hula and pulsating drums.

Entering with a magnificent waka formation, the maori culture group stole the hearts of the audience. The males awed everyone with their ferocious haka and the girls sweet harmonic voices made this night hard to forget.

Concluding the programme Heimana Tahiatā closed the evening with his great rendition of "happy day".

The next Morning three busses set off to New Plymouth, Then Wanganui and finally Palmerston North. Leaving behind a great reputation and a spiritual experience that will stay with many.

TERM THREE

The time of cutting loose.
Everyone is more cheesy, more daring and more stressed.

This is the time when we pass the point of no return. It's a time of intense concentration, thought and planning concerning school and the future. The older you get the more scary this term becomes. Everything is put to the test. Brains, physical ability and self discipline in the final events of the year. Wizards World, Mini House, School

and seminary graduation, prize-giving and EXAMS. Before you know it you're at home on the couch, yearbook in hand, already back from end of year camps, finished final exams, said farewell to friends, memories and our dear CCNZ.

WIZARDS WORLD

WIZARDS WORLD

"GOOD MORNING CHURCH COLLEGE!" - the phrase that set the ball rolling, and caught the attention of the audience at this year's Wizard's World. Yes - Wizards World '94, where them's with the intellect were chosen to represent their Houses in a battle of wits. Months, weeks, days, hours, minutes, seconds were put in by these representatives as they prepared to face categories such as General Knowledge, Recent Events, New Zealand Affairs and Face the Music - Yeah Right - heaps of preparation. Most of the 'chosen students' were asked only a few hours, minutes, seconds before this prestigious event began.

Nevertheless, students cheered for their House representatives and provided them with stimulating suggestions for the correct answer even though they were told, "No help from the audience"

Through a highly technical process of selection (house names were drawn out of a hat) the teams order of 'play-off' was established. Nervous

participants said numerous prayers before mounting the stage, smiling, yet secretly hoping that the questions would be easy, that they would say the right answers and that the school would not mock them if they answered incorrectly. Round One found Condors vs Lions; an intense round which left Lions the winners. In Round Two Phoenix played Tigers, and as Malia unleashed her knowledge on the opposing team, those 'birds' sadly knew they wouldn't be flying very far in their round. In the Final Round the two cats (Lions and Tigers) battled it out, yet leaving Tigers victorious and Champions for the day. Wizard's World 1994, hosted and organised by Rosalyn White and the English department will be remembered not only for its healthy competition and sportsmanship, but also as the year that the flash computerised score boards were replaced by manual technicians - teachers with whiteboards and white boardmarkers..

MINI HOUSE

MINI HOUSE

The gymnasium filled with excited youth and proud parents as the last major intramural event was about to begin Mini House Time.

Walking into the gym you could feel the power of competition between houses, friends and past students. The first events were the Juniors, as usual, Phoenix took it with a great start, winning the first three out of four relays. The Seniors were next with the three person "three-legged-race," and the always awesome 'izzy-dizzy' that brought mountains of fun and enjoyment as many participants ended up down and out on the ground.

The relays came to a close and floors were cleared for the individual or 'iron man' events like arm-wrestle, bull-dog-pull, pull-ups and balance beam wrestling. Ted Stone won the arm wrestling event in the most spectacular performance of the night, while Matthew Ahu took the bull-dog-pull, and Belton Paniora pulled down all the competition on the balance beam.

In the Marathon, Carolyn (alias "Squirt") Perry and Jared Higgins were stand outs with their awesome gymnastic abilities.

"Gee Wizzy, I feel Dizzy."

"Hey, the world is falling up around me."

"Any closer Brother Shortt Smith and I won't be the only one dizzy"

MINI HOUSE EVENTS

The Major event of the night was the Titanic Tug-of-Wars. Phoenix vs Condors for third and fourth and Tigers vs Lions for first and second. Phoenix beat Condors in a tough battle for third. The Lions and Tigers pulls seemed to go on forever with great strength and determination being shown by both teams. Eventually, Lions took first in the Tug-of-War and Tigers, second.

The Tall and Short of the 6 leg race.

"I knew I should have stretched."

"Yee-ha, Billy-Ray eat your heart out."

"Please brother, can I give you a hand?"

"My haircut gives me the winning edge!"

FINAL STANDINGS:

Tigers	220	Phoenix	160
Lions	158	Condors	158

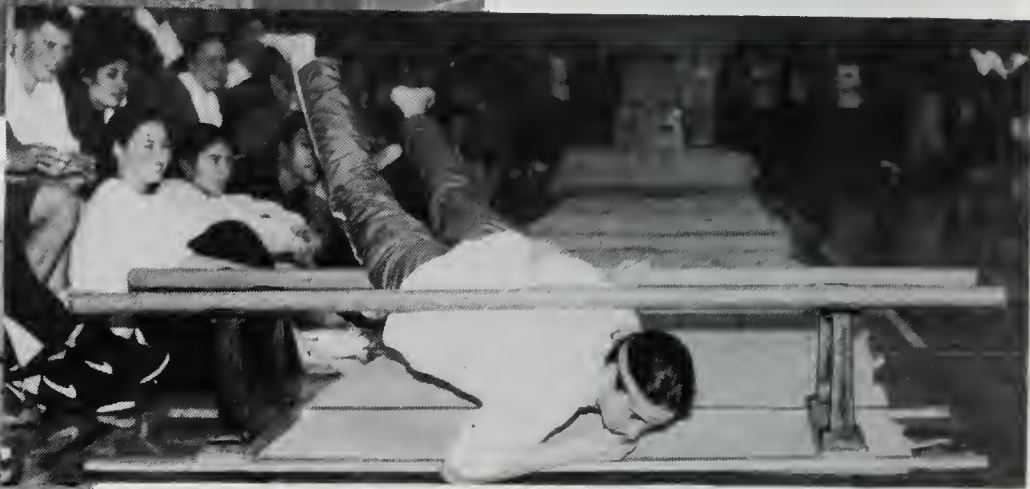

Overall, it was an enjoyable night with plenty of excitement for all, but mostly for the competitors.

Issac flips in winning style.

"Thanks for the 'Hand' Issac!"

"Hey, these bars looked higher on T.V."

"Boo!"

Amelia in winning form.

faculty Assembly

Once again we had the ~~honor, honor, honor~~, watched the faculty and staff assembly. What a ~~lot, lot, lot~~, really fun time, I've watched the story of Little Red Homey-Hood with Bro Theo Ensign on the villain (fitting, really, fitting). We also ~~enjoyed, enjoyed~~, were forced to watch Sis Hakaraia (and many others) with wigs. We really screamed when Bro Kelly Harris ~~sang, sang, sang~~ - put words to music. People even threw themselves at the stage. Bro Mitchell was cool he sang like a ~~nitch, nitch, nitch~~ gail, byrd not a frog. We even had chain saws which sounded much better than some people. There were played by the office staff who can "cut budgets". ~~Our~~ all we didn't know there

was so much ~~talant, talent, teekant~~, ability to do things in our staff and faculty. Even my mum enjoyed it (she ~~mush~~ have she came up from Dunedin just see it). We like this kind of show lets have more (especially if we can get out of class and laugh at the same time.)

Signed Bro Mitchell (on behalf of everyone)

(This message has been brought to you by the letter "C" for Postman on his Nifti Fifti Harley)

"EXAMS"

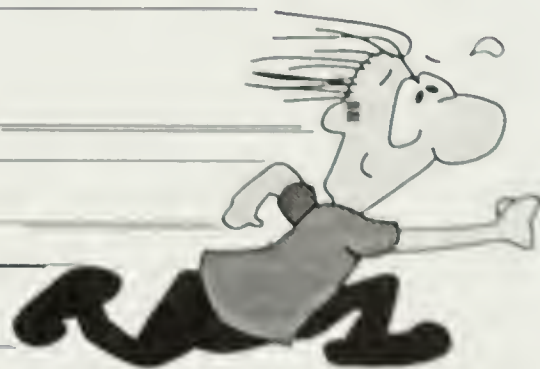

This is the time of year where the amount of pressure and stress that closes in on everyone can sometimes make us insane! Books are pulled out and dust is blown off and we start to study. Our minds are now put to the test. Sweat pours off your body and you feel the butterflies begin to flutter, as you enter the gym. You are faced with rows and rows of desks and chairs and in your mental state they appear to be prison cells where torture may take place. You race for a seat next to your friends where you can feel a slight ease and assurance that you are able to handle the pain.

TIME'S UP!

You sit there and hope that your hand will stop shaking. You notice the officer coming to unlock you and set you free as you hand in your paper and take a run for the door. Glancing backwards you hope you won't need to re-do your time because once was definitely hard enough!

New Zealand Temple

On Brilliant days you stand, against the blueness and brightness of a sun drenched sky.
Here and there a white blossom cloud strand, passes by.
The glory of your walls and tower, gleam white,
Symbolic of the good, the pure, the right.

On foggy days, I
oft approach
your hill,

Your usually
bright outline,

Mist enshrouded;

And as I come
near.... and
nearer still,

The veil
withdraws, and
vision,

Now unclouded,

Reveals you
standing there,

Symbolic of
God's answer

To a prayer.

For guidance,
when through
mists of life we
grobe,

And find in
Him,

Fulfilment to our
hope.

MIDNIGHT SLIDERS

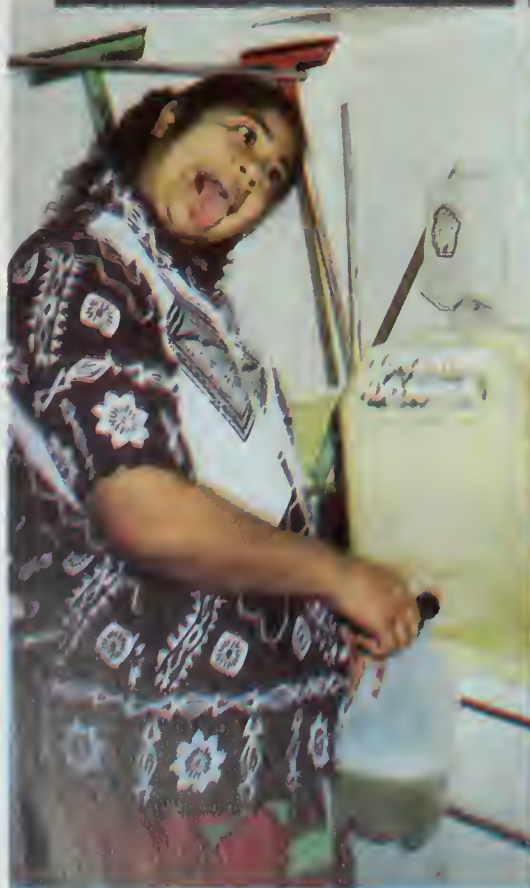

ITS RAINING IT'S POURING, THE ADMIN'S SNORING
OUT THE BACKDOOR, HIDE YOUR MASK,
GET THE BOARDS, IT'S ON TO THE GRASS
PITCH BLACK, NO ONE CAN SEE,
PITCH BLACK, WHO'S NEXT TO ME
WHO CARES, I'M OUT OF HERE,
CAN'T SEE WHERE I'M GOING, THE TREES COMING
NEAR
FASTER, FASTER, MUD FLYING EVERYWHERE,
TO MY DEATH, I DON'T CARE
WHAT A RIDE, I MUST BE INSANE
ONE BY ONE, THE BROTHERS GO,
DOWN THE HILL, FAST NOT SLOW
MAKING A ROAD WHERE THE FLOWERS GROW
THAT MOMENT OF FREEDOM FOR THE RIDERS
THE DARKNESS CALLS, THE MIDNIGHT SLIDERS.

A1 GIRLS NATIONALS

The girls left on the Saturday afternoon of the August holiday for their tournament in Christchurch.

We played our first game on Monday against Nelson girls and won by 20 points. We looked forward to our next game because we were there to have fun, win and represent our school.

In the finals, we played against Hastings Girls High and were really nervous because we were playing another team of mainly church members. We won that game by 20 points!

For our celebration, we had a massive dinner which Sister MacDonald and Sister Smith prepared for us.

The girls were able to develop a strong belief within each other and a team spirit which was easily felt on and off the court. Special thanks to Brother Ngatai Smith our coach for the great job he did this year ; Alieta Waitoa our team captain and Brother MacDonald our manager.

We look forward to bringing home the title again next year!

A1 Girls, Maaree Soisoi.

A1 GIRLS BASKETBALL RESULTS

The A1 Girls Basketball team was successful in winning the National Secondary School Girls Championship with convincing wins every game played at the national tournament held this year in Christchurch.

The team ended the season with a 35 win - 6 loss record. Each of the losses came against teams in the Waikato Womens league where the A1 Girls placed a creditable 3rd, finishing behind Fraser Flyers and Nephites.

Along the way individual players received special recognition at various levels:

- * Alieta Waitoa, Nola Wainohu, Maria Goldsmith, Renee Wharekura and Jean Ormsby were selected for the Tournament team at the regional tournament held in Tauranga.

- * Maria Goldsmith selected as MVP at the Regional Tournament.
- * Renee Wharekura selected as one of five emerging players at National Tournament held in Christchurch.
- * Nola Wainohu and Maria Goldsmith selected for tournament team at National Tournament.
- * Nola Wainohu selected as MVP at National Tournament.

This season marked the tenth occasion Church College has won the National Secondary School Girls title. The trophy now bears the name " Church College of New Zealand " one more time than the nine for Mairehau High School which dominated the title throughout the 1970's.

Basketball Nationals

With the tradition of the Church College basketball to uphold, and the support of friends, family and faculty the A1 Girls and Boys left for their respective tournaments in August.

The boys preliminary games against Ashburton (Christchurch), Napier Boys and Nayland were not very difficult as we won these games in excess of 30-50 points. It was not until the quarter finals where we met old rivals, St. Johns, that the real hard work needed to begin. The game was close until the final minutes, which saw us win by 15 points. Next stop, semi-finals and Rongotai from Wellington would be our next obstacle. Rongotai proved to be a worthy opposition as they rattled us right to the end, but with good control we were able to keep them out by 8 points.

Our final game was against Palmerston Boys. The game was slow at first, but soon picked up, we were behind

most of the way. At one stage, we were 17 points down with four minutes to go. But we fought back and I'm sure anybody who was there would have bet their bottom dollar we would have won if there was one more minute left on the clock. We lost 60-63.

On behalf of the team, we would like to thank Sister Strother for her AWESOME COOKING at the Nationals, Brother Auld for giving the jokes this year and our families for all their support. We would especially like to thank Brother Strother for his time and effort, for believing in us, teaching us self control and being good examples, for Heavenly Father was watching over us.

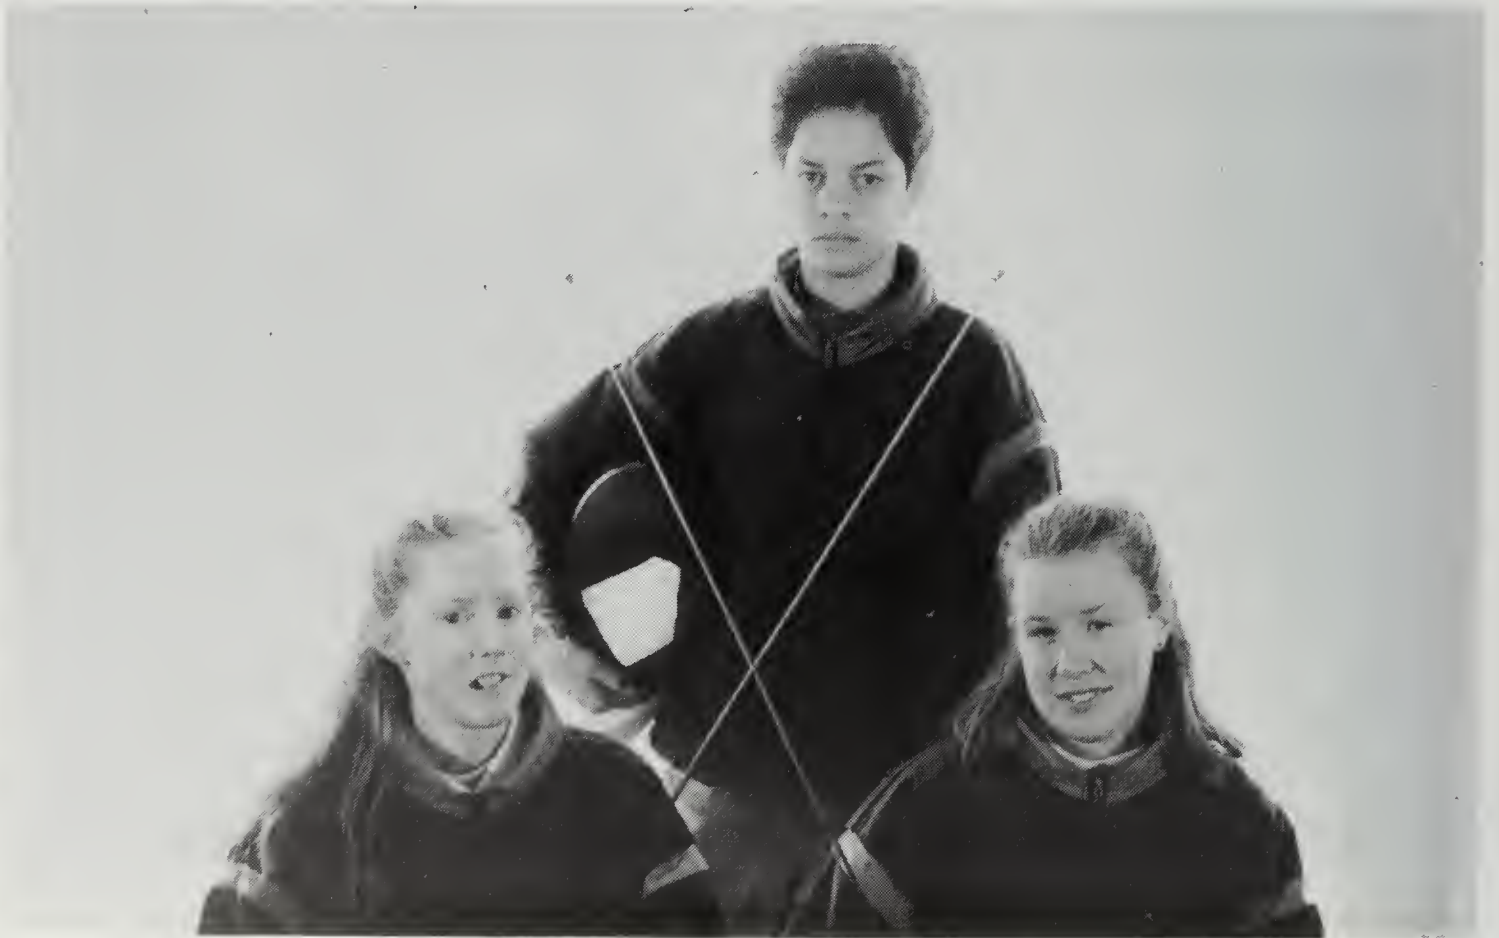

TILL NEXT YEAR WHEN THE TROPHY WILL COME HOME!

A1 Boys, Richard Salave.

PAIN BARRIER

To Play Sport, to Play in A Team,

To Survive the Barrier, Ohh What A Dream

To Be Anywhere But Here

To Hit the Wall, to Shed A Tear

To Finish, to End, to Quit,

To Give Up, to Walk Away, to Submit

Never Shall I Conceed,

To Continue, to Struggle, to Victory I Shall Proceed

Whatever it Takes, 'God Grant Me the Strength to
Give It,

To Accomplish My Dream and Then the Power to Live
it

If I Had Faltered Or Looked Aside, I Might Have
Tumbled,

But the Pain Has Gone and the Barrier Has
Crumbled.
